## Pericles

By William Shakespeare | Directed by Annie Lareau

Set sail on the high seas for a summer adventure. Prince Pericles romances maidens, gets chased from port to port, finds his true love, and then loses her and his infant daughter in the storm-tossed sea. With only the stars and love as a guide, *Pericles* charts one man's epic lifetime voyage to reunite with the family he thought he had lost forever.

## Much Ado About Nothing

By William Shakespeare | Directed by Jon Kretzu

Shakespeare's screwball comedy features the bantering of two of his cleverest characters. For Beatrice and Benedick love is a game of wits played with guarded hearts. Yet everyone can see they're meant for each other. Newly engaged Hero and Claudio conspire to trick the pair into admitting their affections and falling for each other. But schemes are afoot to ruin everyone's happiness through dire accusations. Will love win out in the end?
